Organic Chemistry for Joint Entrance Examination JEE (Advanced): Part 2 (3e), a Cengage Exam Crack Series™ product, is designed to help aspiring engineers focus on the subject of organic chemistry from two standpoints:

To develop their caliber, aptitude, and attitude for the engineering field and profession.

To strengthen their grasp and understanding of the concepts of the subjects of study and their applicability at the grassroots level.

Each book in this series approaches the subject in a very conceptual and coherent manner. While its illustrative, solved examples facilitate easy mastering of the concepts and their applications, an array of solved problems exposes the students to a variety of questions that they can expect in the examination. The coverage and features of this series of books make it highly useful for all those preparing for JEE (Advanced) and aspiring to become engineers.

Includes questions and problems from previous years' JEE papers, which will help students understand the pattern of the questions asked in the examination

Features following types of problems:

Subjective Type

Single Correct Answer Type

Multiple Correct Answers Type

Linked Comprehension Type

Matrix Match Type

Numerical Value Type

Archives (JEE Main 2009–20 & JEE Advanced 2009–19 Questions)

Provides detailed solutions/explanations to all types of exercises

Supplemented with Chapterwise/Topicwise Daily Practice Problems (DPP)

Includes access to free tests, selective topic-based video lectures, and solutions to JEE Main January 2019, April 2019 and January 2020 questions on Cengage App (Android/Windows)
